Crimson Cardinal
Healthcare Intermediary

a division of Crimson Cardinal Realty, LLC

This home care agency serves affluent residents in midtown Raleigh, NC. With only a Medicaid client base, it grew revenue by double-digits in the past few years to exceed \$1 million. It is poised to rapidly expand into Durham County, NC and positioned to capture local private pay clients. It has earned a quality reputation among the senior community and those patients and families needing in-home assistance. Demand for home care services in Raleigh has outpaced available services. There are not enough agencies to serve these affluent communities. This is a great opportunity to expand your footprint in Raleigh or to start your agency with an existing, well-staffed, well-run company.
